Union College provides support services and reasonable accommodation to students with medical and/or psychiatric disabilities who qualify under the Americans with Disabilities Act of 1990 and Section 504 of the Rehabilitation Act of 1973.

Students who believe they need a special housing accommodation due to an extreme medical or mental health condition must submit a complete request for review by the accommodations committee.

Please note:
1. Requests will be considered on a case by case basis.
2. Submission of an application does not guarantee that the accommodation request(s) will be granted.
3. Special needs housing requires advanced planning and documentation. Student wishing to apply for housing accommodations must complete the appropriate forms, available on the subsequent pages. Phone calls or letters from providers will not be considered without a completed form.
4. Special needs housing accommodations are intended for individuals with a medical disability, which substantially limits their ability to function daily in a residence hall environment. The committee will evaluate whether or not the student would be able to successfully remain enrolled without the requested accommodation.
5. Housing accommodations differ from housing preferences. Student preferences for certain types of housing (ground floor, air conditioning, etc.) cannot be granted, whereas reasonable accommodations are provided to student with documented disabilities.
6. Students will be notified if they have been approved or denied for housing accommodations after the accommodations committee has met.

**Documentation Forms:**

- Form A: (to be completed by student) [all requests]
- Form B: (to be completed by physician) [all requests]
- Form C: (to be completed by specialist) [air conditioning requests]*

*All requests must include Forms A and B. Students requesting air conditioning must ALSO submit Form C.

A letter from a provider will not be considered as a standalone. Form B must be included.

Students approved for air conditioning due to extreme medical conditions may be required to:

If not housed in College Park Hall or Garnet Commons:
- Provide their own air conditioning unit (Facilities Services will provide specifications)
- Contact Facilities Services through the online work request system to install the air conditioning unit. Students may not install their own unit and must schedule installation with a qualified staff member.

We cannot guarantee that your air conditioning unit will be installed on the first day you arrive to campus. Every effort will be made to install units within the first 1-2 weeks of classes.

**Please note: due to the generally mild climate in Schenectady, NY the residence halls (with the exception of College Park Hall and Garnet Commons) are not air conditioned, nor are students permitted to provide air conditioning units for their rooms except in the rare instances of disability. As part of the standard furniture and room arrangements, some student rooms are carpeted. Students with allergies or asthma generally do well in this environment without any special arrangements. If allergies or asthma form the basis of a special housing request, full medical documentation will be required, including skin test results for allergies. Those students whose conditions are substantially limiting to a major life activity must provide detailed medical documentation to show why the condition qualifies as a disability.**
UNION COLLEGE SPECIAL HOUSING ACCOMMODATION REQUEST
STUDENT REQUEST (Form A)

This form should be filled out by the student and returned to:

Amanda Bingel
Office of Residential Life, Union College
Reamer Campus Center, Room 409
bingela@union.edu
Fax: 518-388-6694

- Applications will be considered on a case by case basis on a rolling deadline. Students should submit forms prior to housing assignments being confirmed. Forms submitted mid-year or after housing assignments have been finalized cannot be guaranteed for consideration.

- All forms will be reviewed by a committee of designated professional staff at Union College.

- Submission of an application does not guarantee that the requested accommodation will be granted.

- Requests for special housing accommodations may need to be submitted each academic year. The student will be notified in advance if resubmission is required in subsequent years to the original request. In addition, the College, acting in good faith, reserves the right to request updated documentation at any time.

- The student agrees that any information provided in conjunction with this request can be reviewed as necessary by appropriate staff to determine the response. In addition, the student grants permission for attending physicians and/or other professional providers to share information as requested by College staff.

- Forms with incomplete or unclear responses cannot be considered and will be returned to the student.

- Upon submitting this portion of the request (Form A), the student must also have Forms B/C completed by a medical provider and sent to Residential Life. Until all portions of the forms are received, the request cannot be processed. The student is responsible for obtaining and submitting all necessary paperwork.
